SHIV KAPILA

Shiv is a Raptor expert and self-taught wildlife photographer based in Kenya working primarily with two of Africa's most charismatic birds of prey: the Martial Eagle and the African Fish Eagle.

Shiv has spent the last three years in India, working on Vultures, and in Kenya, spending much time in Naivasha and on the Athi Plains.

His scope has increased considerably to feature amazing photos of Wildebeests, Zebras among others that not only bring forth the raw beauty of Africa, but its soft side as well.

Born in Nairobi in 1986, Shiv attended school in England from a young age before attaining a degree in Geology from the University of Bristol. He also holds a Masters qualification in Conservation from University College London (UCL)

This exhibition is an opportunity for Shiv to raise funds for his upcoming PhD study, to begin at The University of Edinburgh in 2013. He plans to focus on a complex of African raptors and their inter-specific ecological requirements and relationships in the Samburu district of northern Kenya.

His Photographs have been published on several occasions in newspapers and magazines such as The East African, The Guardian (UK), The Telegraph (UK), Swara (the journal of The East African Wildlife Society), Kenya Birding, Africa Geographic and National Geographic Magazines.
